Company Profile

Endo-Med Technologies Pvt. Ltd. is headquartered in New Delhi, India, with its manufacturing facility located in Noida, part of the National Capital Region. We specialize in the development, manufacturing, and global distribution of minimally invasive medical devices, focusing on Gastro Endoscopy, Laparoscopy, and Bronchoscopy. With over 27 years of experience, Endo-Med is dedicated to providing high-quality products at affordable prices while ensuring exceptional customer satisfaction through reliable service.

Quality Policy

At Endo-Med, our team consists of highly skilled professionals with extensive experience in global markets, bringing expertise from some of the largest companies in the industry. As an ISO 13485:2016 certified organization, we adhere to rigorous quality management systems in the manufacturing of top-tier medical products. Guided by renowned doctors both in India and internationally, we design products that meet the specific, detailed needs of medical practitioners, ensuring ease of use in clinical environments. All Endo-Med products are CDSCO certified and manufactured in accordance with GMP guidelines.

Philosophy

Quality is at the heart of everything we do at Endo-Med. We conduct rigorous, stagewise inspections from raw material procurement to the final delivery of products, ensuring that every aspect meets the highest standards. Our employees are committed to continuously improving our quality management system.

We believe in fostering long-term relationships with our customers, focusing on mutual growth and success.

At Endo-Med,

Quality is more than a process—It's a culture;

Service is not just a function, but a tradition.
